Biography²

“We’re on a mission.....”

The All New Blues and Soul Revue has been wowing audiences with a spectacular and authentic tribute to classic cult movie 'The Blues Brothers'™ since 2002.

Complete with full live band comprising some of the UK's finest musicians, and a stunning new production - this show does far more than just 'tip a fedora' to the original 1980 cult classic movie.

This show has proven to be a smash hit with audiences at theatres, festivals, corporate events and private functions across the globe for over two decades.

In that time they have performed over 1500 shows to tremendous acclaim across the UK, Europe and the rest of the world.

Internationally, the band has undertaken theatre tours in Germany and performed at large-scale festivals and events in Spain, Gibraltar, Holland, Dubai and Malawi.

Notable recent performances include consecutive headline slots at The Cambridge Rock Festival and support slots to household names including The Lightning Seeds, The Commitments and Toploader.

To complete the full Blues Brothers™ Package, they even have their own 'Bluesmobile'; an exact replica of the 1974 Dodge Monaco used in the film!

This show pays true homage to a movie which has never wained in popularity since its original release over 40 years ago.

Audiences are encouraged to don their suits, hats and shades and to become an interactive part of the show, as our Jake and Elwood tear down the fourth wall - creating the ultimate interactive experience!
